**Farewell Party**

The story is about farewell party for Tita Blandine and Carmela. The farewell party is one of the sad moments in my life because Tita Blandine will leave soon. I will miss her. During the farewell party we sang, danced, ate, and gave a letter for them.

**Balsahan outing**

April 4, 2010, we went in Balsahan with the three volunteers. Before from here to Iwahig we drop at the gate of Iwahig then we walked until the house of our house mother, ate Emily. We cooked there and we hired a small car so that no need to walk until Balsahan. When we arrived, there was a lot of people there but it was so fun because they share their food with us. It was delicious and nutritious. After we swam almost four hours. After, with Ate Blandine, one French volunteer we walked in the mountain. It was the second time for me.

**Sewing Activity**

We spent a three days sewing activity from May 15 to May 17. We sew bags for this coming schooling. Ate Nelia taught us how to sew because she is good when she is in her house she sew a lot of dresses. So the staff decides that the girls must learn how to sew because it's good for their future life. We set our own bags and also our skirts but this coming day we will sew our blouse. It was hard but we try our best to make it with the help of the house mother. So, thank you to the house mother and to the sponsors for our bags.

**Mylene's birthday**

Mylene's birthday finally came May 14, 2010. We were all very happy and we greeted her happy birthday. She was happy too! We also prepared and cooked food for her.

I was happy too that my mother visited me. When we were preparing the food, Mylene was in room 2, she was not aware that we were cooking for her birthday because what she knew is that we did not plan anything for her special day. We were all very happy for her!

## Vacations at Ate Ems' house in Iwahig

We went on vacation to Ate Emily's house- I, Paula Mae, Ailyn and Ruffa with Ate Shena. We waited during long hours to ride in a vehicle going to Iwahig. There was any. In this case, we walked until a truck passed by and we asked to ride in it! We were fortunate that they allowed us, we finally reached Ate Ems' house. There, we watched television and washed dishes. On the following day, we cooked rice and viand. After, I went to Ate Ems backyard and watched the pigs and dogs. I was so happy seeing them "they are healthy and cute". After, I assisted Paula Mae in eating. Ruffa cracked a joke and call the center while we were eating. "Ate Nelia, please send us another kilo of rice, Mylene and the other girls are eating a lot, we have no rice anymore!" But, we just smiled and let her talk. At night, we all slept together. In our second night there, I and Ruffa saw a ghost. Early in the morning we told the story to the other girls.

## Back to school!

I am very happy because I am already in grade 2. Tita Fanny, Ate Angeline and the rest of my friends here in Residential Center are happy for me. I have a new uniform, notebooks and a new bag for school. I play with my classmates in school but I never forget to study my lesson and to do my homework everyday. My favorite subject is English because I want to improve it.

After a long vacation, finally here come the classes again. I am now in grade2. I was very happy because I have new school supplies! Days before our classes started, I already prepared my school things. The night before the classes, I slept early to wake up early. Every day I have baon for school and every afternoon we eat merienda at home that was prepared by the house mother. I have beautiful teacher in school. Here in the residential center, the volunteer and the tutors are also beautiful. I love them all.

During the first day of classes, I'm very happy and excited to go to school. I have new bag, new shoes and note books. Also, I am very happy because I met new friends in school. In school, I always listen to our teacher; I also help maintaining the cleanliness or our room. I always come to school early and I also participate at the discussions. I am truly thankful for the support that is giving to me by the sponsors of Alouette.
